EXTENSION OFFERINGS

Mississippi Southern College is prepared to serve adults of Mississippi through extension classes and workshops. Arrangements have been made to offer by extension any course included in the regular college catalog on condition that satisfactory library and laboratory facilities are available. In the Departments of Commerce, Health, English, Education, Psychology, Geography, Speech, and Social Studies, it is possible to offer a number of courses without special library arrangements other than those available through the College.

The work of the Extension Division is organized to conform to the regulations of the Southern Association of Colleges and Secondary Schools and the regulations of the National Teachers College Association for Extension and Field Service.

The offerings of the Extension Division are of three general types as follows:

A. Extension work by class instruction in college courses where students meet at some study center provided by the group. This instruction is of two general types:

1. Courses offered primarily for the improvement of teachers in service.
2. Courses in general education and business subjects offered for the benefit of interested adults.

B. Extension work by correspondence in college courses where the student works out written assignments which are sent by mail to the Correspondence Department. These assignments are graded by an instructor handling the course, and the grades are recorded in the Correspondence Department.

C. Extension work by correspondence in high school subjects where a high school student works out assignments which are sent by mail to the Correspondence Department. These assignments are graded by an instructor in the Demonstration High School or Mississippi Southern College. The grades are recorded in some high school in Mississippi by consent of the high school superintendent of that school.

CERTIFICATE PROGRAM IN ADULT EDUCATION

Courses leading to certificates in adult education are offered under two plans:

PLAN I. Students may take 48 hours of selected off-campus courses and transfer to the campus to complete in residence the requirements for the degree of Bachelor of Arts or Bachelor of Science.

PLAN II. Students may take their entire program of studies in off-campus centers or in off-campus extension classes combined with correspondence study. This plan is offered for qualified adults who desire to improve themselves in civic, social, and cultural areas as well as in areas that will provide specific assistance in vocational problems. Should a student elect Plan II, he may, before he has completed 48 hours, elect to transfer to Plan I. Such a transfer can be made by a student under a GI Bill only through the Veteran's Administration.

Course requirements for the basic adult education certificate under these plans are as follows:

CERTIFICATE IN GENERAL EDUCATION IN THE ARTS

General Core Requirements—58 hours:

English 25, 26, 76 or 80; Speech 31a	14 hours

FREE ELECTIVES. A maximum of 40 hours to be chosen from any courses listed for the beginning and advanced certificates in both the Arts and Business; and such other courses as are acceptable in our campus programs in general arts and business.

A minimum of 48 hours must be taken in our off-campus certificate program before a certificate will be granted. These hours may be earned in either the basic or advanced course.

A year of laboratory science in Biology may be accepted as meeting the requirement for Biology 22. A year of laboratory science in Physics or Chemistry may be accepted as meeting the requirement in Physical Science for the Certificate in the Arts.

A minimum of 68 hours must be earned in courses listed in the advanced programs before a student may qualify for a two year advanced certificate.

All applications for certificates in adult education may be filed at registration for the second quarter preceding completion of requirements. Applications must be filed not later than the beginning of the quarter during which work will be completed. A fee of $2.50, charged for issuance of an adult education certificate, is payable on application for the certificate.

GENERAL REGULATIONS FOR EXTENSION CLASSES

1. Any person qualified to profit by an extension course may be admitted to the classes for non-credit study. However, those who expect college credit for a course must meet regular admission requirements. Students will not be permitted to do extension work during regular attendance at any college.

2. Extension classes spend the same number of hours in recitation as are required for the same course taken in residence. No extension class may meet for more than sixteen hours in one week or four hours in one day.

3. Extension classes are organized upon proper petition. Any school principal, superintendent, or responsible local citizen may petition for an extension class, provided he has secured the signatures of not less than twenty qualified persons who join in the request for the same course. Blanks for signatures may be secured from the Extension Division. Before mailing the petition to the Extension Division, the prospective class members should make sure that they can provide a suitable classroom, with lights and heat to be furnished without cost to the College.

4. The registration fee for extension is $5.00 per quarter hour in both undergraduate and graduate courses. Students who enroll in graduate classes are required to pay the graduate matriculation fee of $10.00 unless they have previously done so.

5. The Mississippi Southern College Bookstore will sell the necessary books to students taking extension work.

6. No student may register in any extension course after the second meeting. All fees are to be paid not later than the second meeting of the course.

7. Fees are not transferable and are not returnable after the second meeting of the class.

AUDIO-VISUAL CENTER

Recognizing a need for audio-visual services in the State, Mississippi Southern College has established an Audio-Visual Center on the campus. Activities of the Center include: a film service for Mississippi schools, a program for the use of audio-visual materials in college classes, and courses in audio-visual education taught both on and off campus.

The center is prepared to assist local schools in setting up programs for the use of audio-visual materials; and to assist, through in-service and pre-service training, in the interpretation of the values derived from the use of audio-visual instructional aids in education.

The film collection of the Audio-Visual Center comprises over 1,150 reels of educational subjects. The collection includes college-owned films and films deposited by members of the South Mississippi Educational Film Association. Through a cooperative agreement member schools buy a specified number of films, based on enrollment, which permits the use of a like number of films each week from the total collection of the film library. Thus, an educational film service is provided for the schools of Mississippi at a fractional part of rental charges customary with commercial film libraries. This cooperative film service has been in operation for a period of six years with success which indicates a permanent functioning organization.

Any school interested in membership in the South Mississippi Educational Film Association should write to the Director, Audio-Visual Center, Division of Extension, Mississippi Southern College, for information.

PLACEMENT BUREAU

Mississippi Southern College has a year-round placement service for the benefit of its students, graduates and alumni, as well as for employers who seek college-trained personnel. The College maintains cordial relationships with many employers and every effort is made to assist **registered** applicants in finding satisfactory positions in their respective fields.

Those who wish to be notified of job listings in business, government, industry, and in school and college teaching, are urged to register with the Placement Bureau, located in the Administration Building, as soon as they know they will be available for positions.

Graduating seniors should register with the Placement Bureau at the beginning of their last quarter's work, at the latest. Even though they might not be interested in positions when they graduate, it is wise for them to register with the Bureau so as to have a record on file for future use. Alumni seeking changes or promotions are invited to use the placement facilities.

HIGH SCHOOL CORRESPONDENCE

Mississippi Southern College, in cooperation with the State High School Accrediting Commission, established a Department of High School Correspondence in 1946. The specific aims of this department are varied; but the primary purposes are, (1) To provide opportunity for further study to those for whom it is inconvenient to attend regular school, (2) To extend the high school curriculum, (3) To provide courses meeting specific college entrance requirements.

For further information, please write the Department of High School Correspondence, Mississippi Southern College, Hattiesburg, Mississippi.

CORRESPONDENCE STUDY

GENERAL REGULATIONS

1. The matriculation fee for a correspondence course is $5.00 per quarter hour. Thus, the fee for a four hour course is $20.00, for a three hour course $15.00, and for a two hour course $10.00.

2. Textbooks may be ordered by the students from the college bookstore or from the publisher, whose name and address are listed on the first assignment sheet. The Mississippi Southern College Bookstore will sell or rent the books to students taking correspondence courses. The rental fee is $1.50 per book for a three-month period. Any correspondence about books should be addressed to the Mississippi Southern College Bookstore, Station A, Hattiesburg and NOT to the Extension Division.

3. Fees are not returnable after lesson assignments have gone out of the correspondence office. Fees are not transferable.

4. If credit is desired, the student must meet the usual college entrance requirements and the course prerequisites. Only those courses numbered below one hundred are open to students of freshman or sophomore rank.

Freshman courses are numbered 1 through 49.
Sophomore courses are numbered 50 through 99.
Junior courses are numbered 100 through 149.
Senior courses are numbered 150 through 199.

Graduate courses are numbered above 500, and are not offered by correspondence.

5. No more than forty-eight quarter hours earned in extension and correspondence may be counted toward a degree from Mississippi Southern

College. All of the forty-eight hours may be earned by extension or all of the forty-eight hours may be by correspondence or in any combination of the two as long as the total is not more than forty-eight quarter hours.

6. Students seeking enrollment for correspondence study courses are required to fill out an application blank for each course desired. A student may not enroll for more than one course at a time.

7. The maximum time for the completion of a four hour course (twenty-four lessons) is one year from the date of acceptance of the application. For reasons considered adequate by the Extension Division this time may be extended one time for three months upon payment of a fee of $3.00. Applications for extension of time should be accompanied by the fee for such extension. No such application can be considered unless received before the date of expiration of the course.

8. The minimum time for the completion of a course is one month from the date of beginning work, provided assignments are sent in two or three at a time at regular intervals proportionately spaced over the minimum time.

9. Students will not be permitted to rush through correspondence courses. Lessons should be carefully prepared and the student should not apply for the final examination until he is adequately prepared to take it.

10. No work may be done by correspondence while a student is in attendance at any institution of learning unless he has written permission of the dean of his college. It must be understood that if correspondence is allowed while in residence, it becomes a part of the student's load for the quarter, and this work must be completed within that quarter. Courses taken during the Christmas vacation period will be counted as part of the student's load for the winter quarter.

11. Teachers in service will not be allowed to complete more than four quarter hours per quarter. Correspondence work and extension may be taken at the same time if the rule that no more than four quarter hours may be taken in any one quarter is observed.

12. As the lessons are completed, the student should mail or bring them to the correspondence office for correction by the instructor.

13. Credit will not be allowed when there is evidence that unfair assistance has been obtained either on the lessons or the final examination. Students denied credit for this reason may not repeat the course by correspondence.

14. Two persons from the same school community or the same family are requested not to register for the same course because persons taking correspondence are not to work together.

15. The examination is to be taken under the supervision of a city or county superintendent of education and without the use of notes or the textbook.

16. Correspondence courses may not be taken to remove failing grades received in campus courses without the written approval of the Dean.

17. Students under suspension from any college will not be permitted to take correspondence during the period of suspension.

18. A non-residence course in correspondence that is to be used to complete graduation requirements must be completed, including the examination, and be in the hands of the correspondence department not later than two weeks before the date of the commencement at which the student aspires to receive his degree.

19. The Correspondence Department is not responsible for lessons lost in the mail due to insufficient postage or otherwise.

RULES FOR PREPARATION OF ASSIGNMENTS

1. Use 8½x11 light weight typing paper. Envelopes addressed to the Correspondence Department are sent with the outline of the course. The lessons must be mailed in these envelopes, three or more assignments to an envelope.

2. In preparing assignments, observe carefully the following rules:
   a. Write on one side of paper only.
   b. Write with ink or use typewriter.
   c. Leave a margin of one inch on left side of the paper.

3. Write your name and address, the name of the course, and lesson number at the top of the first page of each assignment.

4. Do not include any letters with lessons. All business and other communications must be written on a separate sheet and mailed in a separate envelope. We are not responsible for any delay caused by letters being enclosed in assignments.

5. At the end of the course, return all assignment sheets together with the last lesson.

MAILING OF LESSONS

1. In the upper left corner of the envelope addressed "Department of Correspondence", in which the recitation paper is enclosed, write your full name and address.

2. In the lower left corner of the envelope, write the name of the course and numbers of the assignments.

3. Have your lessons weighed before mailing; be sure there is enough postage on them. When the postage is insufficient, the lessons will not be accepted by the Extension Division until full postage has been paid.

EXAMINATION INSTRUCTIONS

1. The lesson assignments are intended to assist the student in preparation for the examination.

2. Upon completion of the assignments the student must immediately make arrangements with the Correspondence Department for the examination. Request for examination must not be enclosed with lesson assignments, but must be mailed in a separate envelope.

3. Final examinations are held either by regular instructors of Mississippi Southern College, instructors in other institutions of higher learning, county superintendents, or superintendents of independent districts selected by the student and approved by the Director of Correspondence. A student may defer examination on a completed course until he enters the college for residence work in which case the examination must be taken within one week after the student registers. Permission to defer should be requested in writing.

4. A student may not spend more than three hours on the examination.

5. Before beginning the examination all books and papers must be removed from the desk except the examination papers.

6. The student must use ink when writing the examination.

7. No second examination will be given.

8. Students who are taking a course to remove failing grade received in a Campus or Correspondence course may be required to come to the campus for the final examination.
